WORKING MATERIALS

**21ST - 24TH
OF APRIL 2016**

FOREWORD

“An organization, no matter how well designed, is only as good as the people who live and work in it.”

With the opening quote by Dee Hock, we would like to have the great pleasure it is, to once again invite our members and international friends to ELSA Denmark's bi-annual National Council Meeting in Copenhagen.

ELSA Denmark has changed a lot in the recent year, and the outcome of the recent time stand alongside the quote as very clear; at this National Council Meeting we are breaking a record, we did not expect.

This NCM will host the biggest amount of international guest ever attending a National Council Meeting in our network to our knowledge, and therefore traditions are to be changed, which is why these working materials is a 100% in English. It is as well a pleasure to have so many national and local members attending this meeting, with a record attendance as well, which shows promising things ahead for the Danish Network.

So welcome, welcome to a weekend filled with informative workshops and a plenary session with the election of the new board of ELSA Denmark. The persons that will move our network further forward, in the time to come, and develop what we have set our minds to do.

We could not be more thrilled to kick of this weekend and after just returning from the International Council Meeting in Malta, the motivation has never been higher. We hope the motivation will keep on in the time to come, that you will enjoy the weekend among equally minded students from 13 different countries!

This association is exactly as good as it is, because of the people who live and work in it.

Our sincere regards, and on behalf of ELSA Denmark and the organizers,

Christian Krogh

Vice President for Marketing & Responsible for STEP of ELSA Denmark

11:30-12:00 – International and national regulations

Aims: To raise awareness of the rules and secure compliance.

Means:

- Presentation
- Conversation

Comments: Given that ELSA is an organization for law students it is an inevitable fact that we are highly regulated – also in the FM area. It is easy to loose track on what rules we need to follow, therefore we will in this Workshop get a quick overview on the most important rules.

12:00 – 13:00 – FM & S&C - Budget planning of an S&C-event

Aims: To learn how use budgeting and what to keep in mind when you're budgeting. Furthermore we're going to do an actual budget for an event.

Means:

- Introduction by ELSA Denmark
- Working Groups– Do a budget.

Comments: "Money matters". Finances are key when planning S&C events. Therefore we will give you a 101 course in budgeting and what to keep in mind when making a budget.

14:00 - 15:00 – FM, MKT, AA, & S&C: How to plan an event

Aims: To improve the events in the network by improving the organization of the events.

Means:

- To create an event from start to finish
- To create a clear timeline over promotion, logistics and human resources

Comments: In the past few years, we have seen some trouble in the network getting enough participants to the events, which might be caused by a lack of promotion or by a lack of awareness about the financial side. I hope that by creating a clear timeline we can overcome this problem in the future.

15:00 - 15:30 – ICM evaluation

Aims To pass on the knowledge we learned at ICM Malta.

Means:

- Presentation
- Discussions

Comments: After an ICM in Malta with fruitful discussions it is vital that we pass on what we have learned to our national #FMmily.

15:30 - 16:00 – How is it like to be an FM

Aim: This Workshop is meant to set focus in our tasks, to share experiences, to help each other to best practices and to find out what the tasks of a treasurer actually are – except from transferring money.

Means:

- Conversation
- Discussion

Comments: At this time of year we are the only experts on the FM area. However it is always possible to become even better. Therefore we will use this Workshop to learn from each other. As preparation I would ask you do some thinking on which 3 good things and 3 bad things you have learned this year, that others could benefit from learning as well. This Workshop is also meant as an introduction to the Workshop Transition.

16:00 - 16:30 – Transition

Aims: To focus on the importance and value of a good transition.

Means:

- Roundtable about transition
- Game time

Comments: It might only be April, but as we all know, the different positions come with a lot of responsibility and a big workload. Therefore, it is important to begin the transition as soon as possible.

16:30-17:00 - Miscellaneous and closing

Aims: To sum up the discussions and inputs during the NCM and to close the Workshop properly.

Means:

- Evaluation of the Workshop
- Final Q&A session
- Closing of the Workshop

Comments: To answer unfinished questions and uncertainties and to give constructive feedback on the event.

Comments: In January, I appointed my director for negotiation competition, who is assisting me in organizing a competition. Over the past few months, we have been comparing different sets of rules in order to create a statute that fits ELSA Denmark. Comments: If you haven't already, make sure to send the feedback you have received from participants, sponsors, judges etc. to me before April 18th. Then we can evaluate on the concrete problems. If needed, this Workshop will be held in Danish to ensure that the local officers fully understand the evaluation.

WORKSHOP AGENDA - SATURDAY APRIL 23RD, 2016**10:00 – 11:00 – MKT, AA, S&C & STEP: IFP Topic**

Aims: We will look into the new International Focus Programme Environmental Law and how we will implement this. We aim to give the Workshop participants an insight into the new IFP-regulation and especially the new initiative the IFP-week.

Means:

- Introduction by ELSA Denmark
- Discussion
- Working Groups – Plan a IFP-week

Comments:

ELSA’s international moot court competitions – ELSA Moot Court Competition (EMC²) and European Human Rights Moot Court Competition (EHRMCC) are not as known amongst ELSA members as we want them to be. Even though ELSA Denmark has teams competing, they do not register through ELSA. We need to find a way to change this.

14:00 - 15:00 – FM, MKT, AA, & S&C: How to plan an event

Aims: To improve the events in the network by improving the organization of the events.

Means:

- To create an event from start to finish
- To create a clear timeline over promotion, logistics and human resources

15:00 - 16:00 – AA & S&C: Human Rights

Aims: To increase the number of human rights events in Denmark.

- Working groups

Comments: The vision of ELSA is “A just world in which there is respect for human dignity and cultural diversity”. ELSA has chosen to focus on human rights. Comments: To answer unfinished questions and to give constructive feedback on the event.

Workshop Report - IPM Brno 2016

Wednesday the 3rd of February 2016

Update ELSA International

ELSA International had been able to obtain new partners and increased the sponsorship fee from existing sponsors. On the AA/MCC area they had launch the 2nd edition of ELSA Law Review, which had been a greater success than the first edition, they have secured 2 new Legal Research Groups and gotten a sponsor for the regional round of EMC². In the STEP/S&C area, ELSA International had worked on the Law School unification implementation, Final IFP conference, Data protection in STEP and the new website of ELSA international.

Thursday the 4th of February 2016

Partner presentation

ELSA Internationals newest partner is AIJA (International Association of Young Lawyers). AIJA presented themselves, who they are, what they do and how ELSA on all levels can and will be able to work together with AIJA on both ELSA and AIJA projects. What ELSA could get through AIJA is amongst others, speakers for our events, all you had to do is to contact the national AIJA representative. The national representative in Denmark is currently Nis Marinus Dommergaard from Vestas Wind Systems and his contact details can be found on AIJA's webpage.

Hot Topics Workshop 1

Many hot topics were raised during the IPM. ELSA Switzerland raised the question why ELSA International had decided to make post in the wake of the Paris terrorist attacks but not after similar attacks in Turkey.

Secondly, ELSA Czech Republic wanted to have a discussion on expanding the collaboration with EU as they felt that ELSA on all levels was missing out, on many opportunities by not collaborating with EU. The consensus in the Workshop was in general that it was okay to work with the EU as long as non-EU members of ELSA was not excluded from participating especially when the projects was on the international level.

ELSA Sweden raised an issue in regards to the communication between ELSA International and the local faculties without informing the national or local group. This had happened with the faculty in Uppsala, which had led to some confusion and miscommunication between the faculty and the local group. ELSA International told that the International Team had tried to contact the local group but had not gotten a reply and therefore proceeded to contact the faculty in order to promote the Law Review.

Friday the 5th of February 2016

Hot Topics Workshop 2

The Workshop form yesterday was continued. ELSA Austria raised their wish to change the non-political status of ELSA to non-partisan as they felt this would reflect the reality of ELSA and its projects better. The main argument is that most of the things that ELSA does has to do with judicial policy anyway and is therefore political to some degree; the important thing is

therefore to keep the debates etc. non-partisan, as they are already political. The majority of the countries represented at the IPM shared ELSA Austria's view and ELSA Austria would most likely come with a proposal to change this as the ICM in Malta.

ELSA Slovak Republic raised the topic of the cooperation with DLA Piper, which is a sponsor of ELSA International. The cooperation in Slovak Republic was not going very well and they wanted to hear other countries' experiences when working with DLA Piper. There was a very mixed response, in some countries the cooperation worked flawlessly while others shared the experience of ELSA Slovak Republic.

Then ELSA Switzerland raised the topic of deleting the IFP topic in ELSA, arguing that IFP had failed and had never been implemented the way it was intended to be. ELSA Switzerland therefore felt that it should be abandoned completely or something drastic had to happen so that the new IFP topic would get implemented correctly. It came to a vote in the Workshop where seven was in favour of keeping the IFP while eight was ready to delete the IFP from the international regulations.

Taxes and Jurisdiction Workshop

ELSA International updated the Workshop on the progress of the jurisdiction working group and continued to present three options for ELSA International to change its legal seat from The Netherlands to Switzerland. The options were a transfer of assets, merger between companies and liquidation of the current ELSA with a following reestablishment in Switzerland. Of the three ways to move the legal seat ELSA International saw the transfer of assets option as being the least complicated and therefore more practical solution.

Then ELSA International gave an update on the tax situation, and the preliminary conclusion was that ELSA International is probably not liable but that the situation was still being worked on.

IT in ELSA

In the Workshop ELSA International presented their work on the new website, which in general looked amazing compared to the old one. Then a lot of time was used to explain the Workshop how WordPress works (which was a complete waste of everybody's time).

Local Group Names

In some ELSA countries there is a problem with having several local groups within the same city. ELSA Austria therefore came with a proposal that they would bring to ICM if the Workshop were in favour. The proposal was that local groups in cities with two or more local groups had to include the city name and their faculty name before the next NCM in their respective cities and if they failed to do so there was a noncompliance procedure to deal with it. There were two general arguments in the Workshop, one being that this was a national problem that should be regulated nationally (as it is in Denmark, where there can only be one local group pr. university city), and the national board had to take the fight at the NCM. The other argument was that we should just regulate this on the international level to secure uniformity and save the

national groups the inconvenience of having a fall out with their local groups. The Workshop then voted and the result was eight in favour the proposal, 10 against and 1 abstention.

Surprise Workshop

It was supposed to be a training on negotiating with sponsors with an actual sponsor playing the “role of the sponsor”, but do to last minute schedule conflicts the sponsor could not be there and the whole Workshop ended up being a waste of time with only a minimum of people participating.

Financial Strategy Workshop

ELSA International in the form of Marek via Skype, presented his work in forming a 3 financial strategy for ELSA international. The work he had done seemed extremely thorough and thought through. His work would be presented at ICM in Malta as an actual proposal to the decision book of ELSA international.

Project Partners vs. General Partners

The Workshop had a round table on experiences with the two approaches to get sponsors. Then ELSA International proceeded to present the partner structure of EMC2 and the Workshop could ask Anna questions about the structure, and how she approached new partners, and got current project partners to become new general partners. This Workshop was a big inspiration and forced me to rethink the sponsor structure of ELSA Denmark, which we will discuss in a Workshop during this NCM.

Faculty Cooperation

The Workshop started out with a roundtable on how the different national and local groups cooperates with the faculties. Then we were split in to small groups, which had the task of discussing what we would like to get out cooperation in the future, and concrete points that ELSA International could bring up at the next meeting with ELFA (European Law Faculties Association). The main points was the longing for ETCS crediting of ELSA projects like the moot court competitions, law reviews and legal research groups.

Miscellaneous, Evaluation and Closing

Someone brought up the lack of trainings throughout the network and the unfulfilled goal of having an International Trainers Pool (ITP). In order to get an ITP Trainer all you have to do is to contact the International Trainers Team at Training@elsa.org.

For the evaluation of IPM it was brought to the attention of ELSA International that when planning the IPM they need to have great focus on BEE related subjects and not marketing etc. Additionally, if the Workshops were to be continued to be split local and national officers the Workshops for the locals needed to more advanced in their content as it had been way to basic this time.

Workshop Report - ICM Malta 2016 (BEE Workshop)

Sunday the 20th of March 2016

Opening Workshop

Workshop officers were elected. Michael Morgen, President of ELSA Denmark, was elected as Workshop chair. The Workshop then continued to introduce themselves briefly.

Monday the 21st of March 2016

Activity Reports and Experience Sharing

The morning started out by ELSA International introducing their activity report from the BEE area. Then the Workshop was able to partake in a very informal Q&A about the activity report after which each individual country continued to introduce the main points of their national activity reports.

Training Part 1

In the last hours before lunch the BEE Workshop started a training session on transition. The first session was mostly theory behind transition and why it is import to think about transition from a very early point in your term.

Training Part 2

After lunch the second training session continued. Now the trainer went in to some exercises in which four groups were made. They then when out to discuss the absolute necessities when giving a transition, how to plan it, what should it contain, what things needs to be handed over, what knowledge must be shared etc. After about 45 minutes, the groups came back and presented their findings, which were then discussed. Finally, there was an evaluation and conclusions of the training.

Strategic Planning in ELSA and STEP – Joint with STEP

The strategic planning in ELSA and STEP was from the very get go a much unorganized Workshop. After a brief presentation of ELSA Internationals Strategic Goals for the STEP area,

the Workshop continued to debate for 20 minutes about what should be discussed for the remaining time. After ELSA Romania suggested that there should be a discussion on the paid vs. unpaid internships the rest of the workshop agreed to discuss this. Many good point were brought from both sides but the Workshop ended without any real conclusions.

Market Research – Joint with MKT

The last Workshop of the day was on the Market Research, which is to be conducted by the International Board of 2016/2017. The Workshop was introduced to how the previous Market Research had been conducted and what it contained. Following this, the Workshop was split up in to small groups, which were then to go brainstorm questions or areas, which the upcoming Market Research should entail.

Proposals on Regulations – Joint with IM and FM

The morning started out with the most important Workshop of this ICM. The Workshop was to discuss 3 proposals and one input paper. The input paper from ELSA Norway and ELSA Finland concerned the productivity at IPM in Brno and the call to reconsider or rethink the way drinking during Workshops is done. The general feeling in regards to the productivity of IPM Brno was very clear. Everyone agreed that the Workshops had not been beneficial enough. In regards to the second point opinions were more split.

The first proposal was about moving the regulation of IPM from the statutes to the decision book and then regulating KAM and SAM area meetings in the same section. ELSA Denmark raised its concern with moving the regulation of IPM out of the statutes since we are concerned about the importance and the value of having another not statutory area meeting. Most of the other ELSA countries did not share our concern and the proposal was recommended to the council.

The second proposal was one from ELSA Germany and concerned who from ELSA International costs the OC has to cover at an ICM. ELSA International explained the current practice and explained the flexibility it provided the IB with, so that they could invite not only auditors but also the president and treasurer of the former IB for fall ICM when they had to present final accounts etc. Based on IB's explanation ELSA Denmark decided to vote against ELSA Germany's proposal as it sought to remove the above mentioned flexibility.

The third proposal was the most important one made for several ICM's as it contained a complete rework of the statutes and standing orders of ELSA International. The point was to firstly streamline the statutes and take out all non-essential statutes and put them into the standing orders. The second point was to have things that naturally belonged together be together in the regulations, which meant a reorganization of many paragraphs. Because of the very limited time the Workshop only got around the paragraphs into this proposal and evening session was therefore scheduled the same night. Here the Workshop continued to discuss from 9 pm until around 1 am. The only major changes to the proposal was to take some paragraphs concerning expulsion and other ways to loose membership rights back up into the statutes and not have it in the standing orders. This was proposed by ELSA Denmark and was and the rest of the workshop agreed. Lastly, ELSA Denmark tried to keep IPM's right to make proposals to the

ICM but in vain as most other countries except for ELSA Czech Republic did not share our concern with the lost value of IPM if it lost its right to make proposals. The workshop finally ended up recommending the proposal to the council.

Jurisdiction Proposal Workshop – Joint with IM and FM

At the jurisdiction Workshop the long-standing working group on jurisdiction presented their history, their work since ICM Batumi and their recommendations in regards to the three proposals. Then ELSA International presented their proposal after which there was a Q&A so that any remaining doubts could be eliminated. The Workshop ended up recommending ELSA Internationals proposal on terminating the jurisdiction working group and the trying to move the jurisdiction to Switzerland.

Board Management

In the board management Workshop, ELSA International gave a brief presentation on tools to steer the work of the board. Next it was discussed in Workshop the benefits of having both a general board OYOP and an individual one for each area. Then there was a brainstorm on hot topics in the board management area, after which small groups discussed 2-3 of these topics. The groups could then share their most interesting points.

Friday the 25th of March 2016

History – The forgotten evergreens of ELSA

On the last morning the BEE Workshop was treated to a history lesson given from several of the old Presidents of ELSA International. The Workshop was split up in small groups and given one alumni who would tell stories and answer questions from the current ELSA officers.

Budget Revision of 2015/2016 and 2016/2017 Budget – Joint with FM

See Financial Management Workshop Report.

Alumni and External Relations

A previous president of ELSA International gave a presentation on how Alumni previously had been used and how ELSA's relationship with ELS had been in the past. The Workshop was divided into working groups, in order to discuss how to improve the alumni network on national and local level and how to improve to connection between ELSA and ELS. The groups came back and presented their discussions.

Candidacy Workshop

There was only one candidate for President of ELSA International 2016/2017. His name is Robert Vierling and he has been the director for fundraising in both Germany and ELSA International. He gave a very good presentation of himself which seemed to be from the top of his head. After which he had 10 minutes of Q&A, in which he also did very well, answering all questions calmly and with precision.

Miscellaneous and Closing WS

During miscellaneous and closing Anna Haipola thanked the Workshop officers for their great work. A few topics were also brought up, most interesting was the experience sharing on how to establish new observer groups. Finally the Workshops were evaluated by a simple thumbs up/thumbs down vote.

Workshop Report - ICM Malta 2016 (IM Workshop)

Sunday the 20th of March 2016

Opening Workshop

On Sunday we had our opening Workshop. We started of by introducing ourselves and we shared our expectations for the IM Workshop sessions.

Monday the 21th of March 2016

"Where I'M"

Our first Workshop "where I'M" gave us the opportunity to exchange our experience as an IM officer with the other participants. Hector (SecGen IB) opened the Workshop by explaining what he has accomplished and what kind of challenges he has faced this term. If we take a look back to the ICM in Batumi, autumn 2015, we spent a lot of time defining the IM area and working area. In this Workshop we used this information and showed how we have used it in our term as a SecGen. We were divided into working groups where we discussed what we have accomplished and what difficulties we have had. We closed the "where I'M" Workshop with a recap of what we had discussed in our working groups.

"Avoiding Icebergs"

The goal of this Workshop was to go through the 20th State of the Network Report and to discuss the Human Resources Strategy of ELSA (HRS).

We discussed the various statistics and figures in the report and what these meant for the Network and what we could conclude the state of the network was. We concluded that there were some errors and omissions in the report. We also shared our experience with the HRS and we discussed the problems with the strategy, and how to improve it.

"How to Scuba Dive"

This Workshop was about training.

We started the workshop by discussing training. The focus of the discussion was on the participants of the training and the importance of accommodating the participants expectations for the training session. We also spent a lot of time defining "training" and the difference between a training and a workshop.

We finished the Workshop with a training. The training was given to us by two trainers from ELSA's International Trainers Pool (ITP). We got divided into groups where we discussed our ideas on how to promote ITP and the importance of a training.

Tuesday the 22th of March 2016

ELSA Denmark - National Council Meeting
Copenhagen 21st – 24th of April 2016

"Forging decisions"

In this Workshop we reviewed our own IM area. We started the Workshop with a presentation on "Quality management", since we had to go through the proposals on restructuring the IM part in the Decision Book to give it the best quality. There were many amendments and we discussed them. The majority of the Workshop agreed on the amendments.

Friday the 25th of March

In the Hot Tub

We started off by having a Workshop on how to plan a Council Meeting. We made a list of to-dos for before, under and after the event. The Workshop was probably best for the local participants without experience in this field, but also the experienced officers could use it as a checklist for the coming NCM's.

From the sailor to the Captain

Before lunch we had an amazing Workshop together with the alumni present in Malta. We were divided into small groups of 3-4 people, teaming up with two alumni's to talk about whatever we wanted. In my group we talked about how to involve the alumni's more, and use their contacts in our work. In the end of the Workshop I took the word and asked all of the alumni's to please send an email with names and contact details of Danish alumni, to ELSA Denmark's sec gen mail. It sadly does not seem to have given any results.

Extra Workshop

After lunch we were supposed to have the candidacy Workshop, but since there were no candidates for the position as Secretary General of ELSA International for the coming term, we continued with the Workshop from the other day, on the revision of the IM part of the Decision Book. The discussions were good and the necessary changes were made to the proposal. The Workshop recommended the proposal as amended.

Booking my Cruise

Then we had a Workshop on how to apply for ICM. My first thought was, that this might be a bit too basic, but we ended up discussing several things regarding the ICM applications, which were very useful and beneficial. First of all we discussed better ways to divide the spots at an ICM. It seemed that most people agreed that the current system where you "hunt" spots is not good. The other important thing discussed was how early the application period should start. Again most of the participants agreed that it would be good to start it earlier.

Changing Shifts

Due to time issues, we had to skip the planned Workshop on Transition. I requested this personally since the alternative was to use up to an hour longer on Workshops, cutting away the whole reporting time.

We ended the Workshop and the week of workshops with the miscellaneous and closing. Everyone told how they had experienced the week and on the positive side, all of the fresher's present in the IM Workshops seemed to have had an amazing time.

We went through the State of the Network report

Front Window is Clear

We had a budget sharing speed-dating session. The aim was to learn from each other's experiences in regards to have we created budgets.

Space Ship Upgrade

We reformed the EDF. It has now been made easier both to apply and report on the EDF. Thus hopefully increasing the use of the EDF.

Tuesday the 22nd of March

Recalculating Trajectory

Marek presented the Financial Analysis before we had a joint Workshop with BEE on the new Financial Strategy.

Expanding Frontiers

A joint Workshop with BEE. Marek presented the new Financial Strategy. There was general a consensus that this was a good idea and there was only changes in the wording. The Financial Strategy was voted in favour unanimously.

Friday the 25th of March

Switching Captain

We had a presentation by Rob Van Bergen who was the only candidate for the position of Treasurer of ELSA International 2016/2017.

Workshop Report - ICM Malta 2016 (MKT Workshop)

With five marketeers in the Workshop, ELSA Denmark was well represented. Our local marketeer, Petra, was elected as secretary, so we took our responsibility.

Sunday the 20th of March 2016

Opening Workshop

This Workshop's sole purpose was allowing the officers to get to know each other.

Monday the 21st of March 2016

International Update Workshop

We started on the Monday and the first workshop with an international update from ELSA International. A quick update on what had happened within Marketing since the last meeting.

Second Evaluation: (Re)Defining the Area of Marketing

As in Batumi, this was all about rethinking how we see marketing compared to how we saw it the last time. In general only a few things have changed for us, and it ended as an experience-sharing Workshop.

Joint Workshop with the Key Areas

A workshop focusing on sharing our knowledge about the Key Areas. STEP, MCC's and Law Schools were in focus. We were put into teams, who had to sell the product to a potential member of ELSA.

Updating the Corporate Identity

The proposal Workshop was about the new proposals regarding Corporate Identity, made by ELSA International. The proposal was a new updated section of the Decision Book regarding the logo and its use.

Market Research Workshop

The Workshop was introduced to how the previous Market Research had been conducted and what it contained. Following this, the Workshop was split up into small groups, which were then to go brainstorm questions or areas, which the upcoming Market Research should entail.

Tuesday the 22nd of March 2016

Marketing MCC

We talked a lot about how we are branding the MCC's, what worked and what could have been done better. What could be different next year, and which rules are we limited by.

Advertising, who, when and how?

The Workshop was about best practises for advertisement. How ELSA International is doing it, how the role of the Marketeers is and so on. It was held by the Directors for Advertisement from ELSA International and we gained a good insight into how it could be done in national and local groups as well.

Training about Public Relations

The theme of the training was public relations (PR) which was regarding how our members and externals saw ELSA from an outside perspective, how to prevent things from going wrong and how to deal with issues arising when things are going wrong.

IM & MKT Workshop about the IT proposal

The Workshop was about the IT proposal regarding if we should be allowed to use personalized e-mails in ELSA. The proposals was not approved by the Workshop due to the risks combined with doing this when it comes to sharing mails from year to year.

Friday the 25th of March 2016

Transition Workshop

The Workshop gave many new perspectives on what is important when having a transition. We as well are going to have a Workshop on transition during our NCM, so the content of the Workshop was very relevant for us.

Workshop Report - ICM Malta 2016 (AA Workshop)

Sunday the 20th of March 2016

We followed the opening plenary with an opening Workshop, where the chair, vice-chair, secretaries and director for ELSA spirit were chosen, followed by a roundtable with a presentation of ourselves.

Monday the 21th of March 2016

Monday we began with a presentation of the areas AA and MCC so that all participants were up to speed about the different projects, especially the flagship projects in the AA area. Then we had a Workshop about Moot Court Competitions, where we had a roundtable regarding Moot Court Competitions in the network and were presented to the new organizing manual about Moot Court Competitions. Then we had a joint workshop with STEP, S&C and Marketing regarding flagship projects, where the International Board gave a short description about the six projects and then participants were chosen to sell the projects to the workshop.

After lunch we had a workshop about ELSA Law Review and legal publications, where Antonia presented the history of the returned ELSA Law Review and afterward we had presentations from different national groups whom have created the projects themselves. The Workshop presented a lot of problems regarding these projects, for example regarding sponsors, so the discussion continued during “hot topic” Workshop.

The rest of the day was spent on the ELSA Moot Court Competition, where Ada clarified the history of the competition and how unstable it has actually been. Afterwards she gave a presentation on how to organize a regional round of the competition, supported by organizers of

the two European rounds this year. Ada presented the issue about teams signing up and then withdrawing in the last minute, which makes the logistics difficult for both the organizers and the groups organizing the regional rounds. The workshop showed great interest in this project.

Tuesday the 22th of March 2016

The day began with a split Workshop, where I attended a joint Workshop with Marketing regarding promotion of Moot Court Competitions. In groups we were to come up with ideas on how to improve the local groups promotion, the general promotion strategy etc. We then had a Workshop about legal research groups, where we again were given a presentation about the history of the project and a presentation on the two ongoing legal research groups and a presentation of the new materials the working groups recently created. Unfortunately, ELSA Denmark were not able to participate in the first one and did not have the opportunity to participate in the second one due to the request from the sponsor.

Then we had a joint Workshop with STEP and S&C where we discussed the new proposal regarding the IFP topic, which were a very chaotic Workshop where the participants were not sure and what we actually voted upon. The Workshop ended with not recommending the proposal to the council due to discussions about the IFP week and then placement of it.

We ended the day with a Workshop about hot topics, where we discussed ELSA Day and were presented to the topic for next year, which will be Migration Law, continued the discussion about law review, EMC² and other problems within the network.

Friday the 25th of March 2016

We began with a Workshop where the candidates for the International Board 2016/2017 presented themselves and responded to questions. Then we had a Workshop about transition, where we were divided into groups consisting of either national officers or local officers in order to discuss the transition we had received and the topics, which are important to pass on to our successor.

We then had a Workshop about negotiation competition, where we were presented to the newly created package about the competition. Then we had a simulation of a competition, where we this time also simulated being judges, which gave a completely new perspective to the competition.

We then went on to the European Human Rights Moot Court Competition. We evaluated the competition and talked about how to improve it, especially regarding human resources and the IT-system. Regarding both competitions Ada gave a clear overview over the problems they suffer and which solutions she finds necessary for the following year.

Then it was time for miscellaneous where we quickly discussed Studies Abroad Projects, which is not an area given much attention in the network and which need improvement. We ended the day with a closing Workshop where we had a roundtable about which Workshops we found the most giving and less interesting.

The general opinion was that the Workshop where the participants were active was the most successful. The Workshop ended in tears while summing up the fruitful week we had had.

Workshop Report - ICM Malta 2016 (S&C Workshop)

Sunday the 20th of March 2016

Opening Workshop

This Workshop's sole purpose was allowing the officers get to know each other therefore we did some speed dating sessions.

Monday the 21th of March 2016

S&C regulations Workshop

We had a quiz about S&C regulations, which was very informative. We were split in to working groups in where we had to discuss how rules affect us in our work. Afterwards we made an "Aims of S&C".

Joint workshop – MKT, AA, S&C & STEP – Flagship Projects

In this Workshop we discussed why it is important to have flagship projects (STEP, EMC², EHRMCC, Delegations, ELSA Law Schools & LGR). We talked about the advantage in the international aspect that the flagship projects contain. We were split into working groups and got the assignment to sell a flagship project to the other group members.

ELSA Law School and How to Organize an ELSA Law School Workshops

We talked about the minimum requirements in the decision book, and the financial requirements in the FM part of the decision book. We discussed how to deal with financial problems and how getting partners within law offices and other professional partners could be a solution. We also discussed having partnerships within the hotel and restaurant business.

We were then split into working groups and had to plan an ELSA Law School from scratch and present our results in plenum.

IT in S&C Workshop

In this Workshop we went through the new Law School portal. The OC have their own login and fills in their own page. Matej will then check that everything is in compliance with the regulations. Germany started a discussion on the lack of data protection on the webpage. We were split up into working groups and had to discuss whether we should have a joint calendar on the ELSA.org webpage.

Tuesday the 22th of March 2016

Training

We had training on promotion of S&C events. We had to do a sales pitch on a seminar about prostitution as a profession. We discussed issues with marketing and the cooperation between

S&C officers and marketing officers. We also discussed promotion tools and whether or not they were useful for us in our work

Joint workshop – AA, STEP & S&C – IFP

We started out with going through some of the history of IFP and how we see continuity from some of our earlier topic ex. Health Law. We talked about the implementation of the different IFP-topics. This was very relevant in regards to the proposal about IFP-implementation.

In total 50 IFP-events reported by 14 countries. Italy and Czech Republic were responsible for 48% of these. The statistics based on the evaluation is not the same as the statistics based on the State of the network inquiry. The ultimate conclusion was that the Network does not fill out project reports for IFP events. This ultimately means that it's hard to see whether IFP has an actual impact. We discussed a proposal focussing on implementation of the IFP. It is much more descriptive than the earlier. And contains a IFP week taking place in April. There seem to be a general problem with implementation of the IFP week caused by the exam period in different nations. Amendment suggested by ELSA Switzerland to remove IFP week concept the amendment was accepted by the workshop but later voted against by the council.

Proposals workshop

We were discussing IFP implementation. We had to find 3 different means of doing this in workgroups. We then had to decide the importance of these. It was the general opinion that the OYOP, following the decision book and educating the local groups was of great importance. The corporation between the different areas are of great importance when implementing IFP. The idea of making an IFP workshop at NCM's is of great importance.

We had a long discussion about the IFP, the implementation hereof and whether we should even have an IFP topic. It was a fruitful discussion

How to co-operate Workshop

We talked about why the S&C area is important for our members. We did an exercise on selling washing machines. We prepared in working groups then had to present it in front of the workshop.

Afterwards we tried the “mushroom challenge” to give us a new perspective in regards to approaching challenges within our ELSA work.

Friday the 25th of March 2016

ELSA Delegations workshop

We had a Workshop on ELSA Delegations. We started out with a general go-through of what a delegation is and what it takes to be a delegate ex. and whether ELSA experience and a relevant academic background will be prioritized. There will be calls again in end of April, in June and August. Statistics showed that ELSA Italy and ELSA Spain had the most applicants. ELSA Denmark had four applications whereof two was elected to be delegates. One fifth of the Members did not send in any applications. Total number of applications was 852. There were four Danish applicants whereof two was elected as delegates. ELSA Delegations is working on expanding to Unidroit, ICC, Unicef, OECD and World Bank.

The Future of Study Visits

We discussed the SV requirements. Matej informed that they as an experiment turned of the Study Visit Guide for one month. There was no reaction from the Network therefore the conclusion was that the study visit guide is not working as planned. There were also arguments from the international team that we should no longer use the evaluation forms. ELSA Norway recommended making a portal that is similar to the ELSA Law school portal, this would lighten the workload of the IB. I stressed the point that it is not a webpage you would use repeatedly. We discussed whether

Candidacy workshop

We got a chance to hear a presentation from the candidate running for VP S&C, Nigel Micallef. Afterwards we had Q&A.

Transition Workshop

We went through the transition checklist in order to prepare our officers for a successful transition. We discussed the importance of showing your successor the officer's portal and the tools on the webpage. Another important par of the transition is to remind the successor that they will be welcome to contact other S&C'ers within the network.

Workshop Report - ICM Malta 2016 (STEP Workshop)

Tuesday the 22th of March 2016

Employer's insight

The workshop gave an insight into the employee's point of view, so that we had an idea of what our counterpart felt and thought of.

Job Hunting

The workshop consisted of an intense experiences sharing among officers, resulting in that people used Skype and Facebook to cooperate with fellow STEP officers. We also discussed how we took contact with companies.

International Focus Programme

Read the part from the S&C workshop report.

Matching + IT

We used a lot of time going through the upcoming STEP portal and the use of it. How it functioned with text and pictures.

Reception

I used a lot of time gaining knowledge about how the structure of receiving the students were, when they arrived during reception.

3.4. Afslag

3.4.1. ~~Afslag~~ Begrundet afslag kan kun gives, såfremt samarbejde med den eksterne partner eller sponsor er oprettet, eller hvis der er planlagt kontakt til den pågældende eksterne partner eller sponsor, og dette fremgår af det i pkt. 2.3 nævnte dokument.

Comment:

I år har vi set at der er opstået problemer i forhold til kontakt og fundraising hos hinandens sponsorer. Det blev i år heldigvis løst uden de større problemer, men det kan jo ikke garanteres hver eneste gang. For at imødegå de problemer der opstod i år, foreslår ELSA Denmark derfor at indføre en mere detalieret procedure for opnåelse af tilladelse til at fundraise hos hinandens eksisterende sponsorer. Endvidere udpejles det hvor længe denne tilladelse er gældende, hvornår der skal indhentes ny tilladelse, og at et evt. afslag skal være begrundet. Udover det er der tale om en klargørelse af strukturen og konsekvensændringer af nummereringen.

 - 2.3.1.5.1. Den eksterne partner eller sponsor, som er planlagt kontaktet, skal være kontaktet inden en måned fra

registreringen i dokumentet ellers bortfalder reservationen af kontakten

2.3.1.6. Den nærmere brug og udfyldning af dokumentet fremgår af selve dokumentet

2.3.2. ELSA Denmark samt de respektive lokalgrupper er forpligtet til løbende at udfylde og holde deres del af dokumentet opdateret.

3. Kontakt

3.1. ELSA Denmark må ikke kontakte eksterne partnere og sponsorer, som lokalgrupperne samarbejder med, før de(n) pågældende lokalgruppe(r) har givet tilladelse hertil.

3.1.1. ELSA Denmark har dog til enhver tid ret til at få fremsendt deres fundraising materiale sammen med de lokales, herunder men ikke begrænset til sponsorpakker, når det drejer sig om fundraising til konkurrencer med lokale og nationale finaler.

3.2. Lokalgrupperne må ikke kontakte eksterne partnere og sponsorer, som ELSA Denmark har et samarbejde med, før ELSA Denmark har givet tilladelse hertil.

3.3. Lokalgrupperne må ikke kontakte eksterne partnere og sponsorer, som en anden lokalgruppe har et samarbejde med, før de(n) pågældende lokalgruppe(r), som har kontakten, har givet tilladelse hertil.

3.4. ELSA Denmark skal besvare en lokalgruppes anmodning om tilladelse til at kontakte en eksisterende ekstern partner eller sponsor, inden to uger efter e-mailen er modtaget. Er svar på anmodning ikke givet inden to uger, skal lokalgruppen sende endnu en anmodning via e-mail, hvor ELSA Denmark derefter har en uge til at besvare anmodningen, ellers betragtes det som om tilladelsen er givet.

3.5. Lokalgruppen/lokalgrupperne skal besvare ELSA Denmarks/en anden lokalgruppes anmodning om tilladelse til at kontakte en eksisterende ekstern partner eller sponsor, inden to uger efter e-mailen er modtaget. Er svar på anmodning ikke givet inden to uger, skal ELSA Denmark/den anden lokalgruppe sende endnu en anmodning via e-mail, hvor lokalgruppen/lokalgrupperne derefter har en uge til at besvare anmodningen, ellers betragtes det som om tilladelsen er givet.

3.6. Afslag kan kun gives, såfremt samarbejde med den eksterne partner eller sponsor er oprettet, eller hvis der er planlagt kontakt til den pågældende eksterne partner eller sponsor, og dette fremgår af det i pkt. 2.3 nævnte dokument.

Comments: Dette forslag er et af tre forslag der prøver at imødegå ELSA Denmarks problemer med at fundraise til vores nationale procedurekonkurrence. Vi erfarer at advokatfirmaerne ikke er interesseret i at blive nationale sponsorer, når de allerede er vejleder/sponsor på lokalt niveau. Meningen er at ELSA Denmark ved at få muligheden for at vedlægge vores sponsormaterialer når lokalgrupperne udsender deres, vil kunne gjort alle sponsorer klart at de kan blive sponsor for den nationale finale og på den måde blive eksponeret på nationalt niveau, selvom de ikke får et eller flere af deres hold i finalen. Om de lokale og nationale sponsorpakker ligefrem skal sammen smeltes til en pakke, vil vi lade komme an på en diskussion til NCM, og give resultatet af denne diskussion videre til den næste President af ELSA Denmark

Comments: Basic changes of the titles

Concerning the section of “Overførsler” of the Financial Management (FM) part.

ELSA Denmark proposes the following to the Council:

ELSA Denmark proposes the following to the Council:

~~Generelt~~

- ~~1. ELSA Denmark's bestyrelse skal undersøge muligheden for at udgive deres medlemsblad, Ad Hoc, inden generalforsamlingen i foråret 2015. Såfremt medlemsbladet ikke udgives, skal grundene hertil redegøres for generalforsamlingen i foråret 2015 af Vice President for Marketing.~~

Comments: The magazine has proved to be too hard to fundraise for, and very time consuming. Therefore we propose to remove this part.

Concerning the section of “Generelt” of the Academic Activities (AA) part.

ELSA Denmark proposes the following to the Council:

Lokalgruppernes opgaver

1. Hver lokalgruppe er ansvarlig for, at der arrangeres AA-aktiviteter i lokalområdet.
2. Lokalgrupperne skal efterstræbe, at deltagere, der har deltaget i en AA-aktivitet, modtager et deltagerbevis, hvor dette giver mening. Dette særligt i forbindelse med processpil og andre AA-aktiviteter, hvor der er mulighed for aktiv akademisk deltagelse samt kursusforløb, hvor deltagelsen har øget deltagernes viden inden for et område.
3. Lokalgrupperne skal efterstræbe at holde ELSA Denmark underrettet om, hvilke aktiviteter der afholdes på AA-området, særligt når disse oplysninger skal anvendes til udfyldelse af skemaer mv. til ELSA International.
4. Lokalgrupperne skal inden hver AA-aktivitet udfylde en AA Event Specification form og sende denne til ELSA Denmark.
5. Lokalgrupperne skal efter hver AA-aktivitet udfylde en AA Event Evaluation form og sende denne til ELSA Denmark.
6. Lokalgrupperne skal bistå ELSA Denmark i markedsføringen af nationale og internationale AA-aktiviteter, som foregår i netværket.
7. Lokalgrupperne skal for at kunne sende deres deltagere til den nationale procedurefinale, betale ELSA Denmark et deltagergebyr på 1000 kr. pr. lokalgruppe pr. år.

Concerning the section of “Generelt” of the Academic Activities (AA) part.

ELSA Denmark proposes the following to the Council:

1. ELSA Denmark's opgave er at støtte lokalgrupperne i deres virke inden for AA-området.
2. ELSA Denmark skal efterstræbe, at der opretholdes kontakt mellem lokalgrupperne i Danmark inden for AA-området.
3. ELSA Denmark skal efterstræbe at holde lokalgrupperne informerede om AA-aktiviteter, der foregår i de forskellige lokalgrupper.
4. Til opfyldelse af pkt. 2 og 3 skal ELSA Denmark sørge for, at der mindst én gang i kvartalet afholdes et møde mellem de ansvarlige for AA i Danmark enten fysisk eller via Skype.
5. ELSA Denmark skal opretholde kontakten mellem lokalgrupperne og ELSA International.
6. ELSA Denmark skal i begyndelsen af hvert bestyrelsesår sørge for, at de ansvarlige for AA i lokalgrupperne er bekendte med de internationale værktøjer, der findes på AA-området, og skal sørge for, at den nyeste version af disse altid er tilgængelig i AA-arkivet.
7. ELSA Denmark skal ved begyndelsen af hvert bestyrelsesår sørge for at afholde et indledende møde med de ansvarlige for AA i lokalgrupperne, hvor disse introduceres til AA-området, herunder særligt det internationale aspekt, således at de ansvarlige for AA i lokalgrupperne sikres en forståelse af strukturen i ELSA, og hvilke aktiviteter der er mulighed for at lave.
8. Det er ELSA Denmark's opgave at sørge for at indhente de oplysninger fra lokalgrupperne, som er nødvendige for at udfylde de skemaer etc., der skal udfyldes til ELSA International.
9. ELSA Denmark har ansvaret for, at de opgaver, der pålægges nationalgruppen på AA-området i ELSA Internationals Decision Book, gennemføres i Danmark. Endvidere er det ELSA Denmark's opgave at kommunikere de opgaver, der pålægges lokalgrupperne på AA-området i ELSA Internationals Decision Book til lokalgrupperne.
10. ELSA Denmark skal sørge for, at lokalgrupperne er i besiddelse af de Event Specification forms og Event Evaluation forms, som lokalgrupperne skal udfylde i forbindelse med afholdelse af AA-aktiviteter.
11. ELSA Denmark er ansvarlig for videreformidlingen til ELSA International af de oplysninger, der indberettes til ELSA Denmark fra lokalgrupperne om deres AA-aktiviteter.
12. ELSA Denmark skal afholde en national ~~procedure~~finale Moot Court Competition. Den skal fungere som en finale for de lokale Moot Court Competitions..
13. ELSA Denmark skal tilstræbe at afholde en national Negotiation Competition i efteråret. Til opfyldelse heraf skal der til hvert forudgående NCM udpeges en ansvarlig for konkurrencen. Den ansvarlige skal gå under navnet Director for Negotiation Competition.

Comments:

I punkt 6 ændres et punktum til et komma.

I punkt 12 ændres der fra dansk til engelsk. Derudover specificeres det, at konkurrencen skal fungere som en finale for de lokale Moot Court Competitions.

Punkt 13 tilføjes, og er todelt.

- 1) ELSA Denmark er ved at arrangere en Negotiation Competition i Danmark. Ved at indsætte det i beslutningssammenhængen sikre vi, at bestyrelsen som minimum forsøger at arrangere en konkurrence.
- 2) Eftersom det er første gang vi arrangerer en Negotiation Competition i Danmark vil det være for sent først at begynde planlægningen ved bestyrelsesårets start. Derfor er det vigtigt, at den forudgående og efterfølgende AA-officer arbejder sammen og at der bliver udpeget en ansvarlig for afholdelsen af konkurrencen således at planlægningen kan begyndes allerede i foråret.

Concerning the section of “Lokalgruppernes opgaver” of the Academic Activities (AA) part.

ELSA Denmark proposes the following to the Council:

Lokalgruppernes opgaver

1. Hver lokalgruppe er ansvarlig for, at der arrangeres AA-aktiviteter i lokalområdet.
2. Lokalgrupperne skal efterstræbe, at deltagere, der har deltaget i en AA-aktivitet, modtager et deltagerbevis, hvor dette giver mening. Dette særligt i forbindelse med ~~processpil~~ Moot Court Competitions og andre AA-aktiviteter, hvor der er mulighed for aktiv akademisk deltagelse samt kursusforløb, hvor deltagelsen har øget deltagernes viden inden for et område.
3. Lokalgrupperne skal efterstræbe at holde ELSA Denmark underrettet om, hvilke aktiviteter der afholdes på AA-området, særligt når disse oplysninger skal anvendes til udfyldelse af skemaer mv. til ELSA International.
4. Lokalgrupperne skal inden hver AA-aktivitet udfylde en AA Event Specification form udarbejdet af ELSA International og sende denne til ELSA Denmark.
5. Lokalgrupperne skal efter hver AA-aktivitet udfylde en AA Event Evaluation form udarbejdet af ELSA International og sende denne til ELSA Denmark.
6. Lokalgrupperne skal bistå ELSA Denmark i markedsføringen af nationale og internationale AA-aktiviteter, som foregår i netværket.
7. Lokalgrupperne skal hvert forår afholde en Moot Court Competition, der samtidig fungere som en indledende runder til den nationale Moot Court Competition.

Comments:

I punkt 2 ændres der fra dansk til engelsk.

I punkt 4 specificeres det, at det er ELSA Internationals ansvar at udarbejde AA Event Specification forms, og ikke ELSA Denmarks ansvar.

I punkt 5 specificeres det, at det er AA ELSA Internationals ansvar at udarbejde Event Evaluation forms, og ikke ELSA Denmarks ansvar. Derudover indsættes der en deadline for, hvornår disse skal være udfyldt. Det skyldes at det de seneste år har været svært – hvis ikke umuligt – at få lokalgrupperne til at udfylde disse, og håbet er, at med en reguleret deadline vil dette forbedres i fremtiden.

Punkt 7 tilføjes som nyt. De seneste år har alle lokalgrupper afholdt Moot Court Competitions, og de har de seneste år fungeret som indledende runder til den nationale Moot Court Competition. Ved at indsætte det i beslutningssammenhængen sikre vi, at der til enhver tid vil være Moot Court Competitions i lokalgrupperne, og at der er nok hold til at den nationale Moot Court Competition kan afholdes.

Concerning the section of “Lokalgruppernes opgaver” of the Seminars & Conferences part.

ELSA Denmark proposes the following to the Council:

Lokalgruppernes opgaver

1. Hver lokalgruppe skal implementere S&C-aktiviteter i deres årlige aktivitetsprogram.. S&C-aktiviteter er events, som opfylder kravene i S&C Policies i ELSA ~~International's~~ Internationals Decision Book.

Concerning the section of “ELSA Denmark opgaver” and “Lokalgruppernes opgaver” of the Seminars & Conferences part.

ELSA Denmark proposes the following to the Council:

1. ELSA Denmark opgave er at støtte lokalgrupperne i deres virke inden for S&C-området, herunder En af ELSA Denmarks vigtigste opgaver på S&C-området er at støtte lokalgruppernes planlægning og gennemførelse af S&C-events.

2. ELSA Denmark skal efterstræbe, at der opretholdes kontakt mellem lokalgrupperne i Danmark inden for S&C-området.

3. ELSA Denmark skal efterstræbe at holde lokalgrupperne informerede om S&C-aktiviteter der foregår i forskellige lokalgrupper

4. Til opfyldelse af pkt. 2 og 3 skal ELSA Denmark sørge for, at der mindst én gang i kvartalet afholdes et møde mellem de ansvarlige for S&C i Danmark enten fysisk eller via Skype.

25. ELSA Denmark skal formidle kontakt mellem lokalgrupperne og ELSA International på S&C-området.

36. ELSA Denmark skal ved begyndelsen af hvert år sætte mål for de danske S&C-events fra et nationalt og internationalt perspektiv. S&C-events er events, som opfylder kravene i S&C Policies retningslinjerne i ELSA Internationals Decision Book.

47. ELSA Denmark skal sørge for, at Specification Forms og Evaluation Forms bliver korrekt udfyldt af lokalgrupperne og videreformidlet til ELSA International i overensstemmelse med ELSA Internationals Decision Book.

58. ELSA Denmark skal sikre, at der findes en Study Visit Guide for ELSA Denmark's lokalgrupper.

6.9 ELSA Denmark skal sørge for, at lokalgruppernes aktiviteter koordineres, og at internationale mål og retningslinjer inden for S&C-området bliver overholdt både på nationalt og lokalt plan. Disse mål fremgår af punktet International langsigtet strategi under ELSA Denmark Generelt i beslutningssamlingen.

7. ELSA Denmark er ansvarlig for at indkalde lokalgrupperne til et månedligt S&C møde.

1. Hver lokalgruppe skal implementere S&C-aktiviteter i deres årlige aktivitetsprogram.- S&C-aktiviteter er events, som opfylder kravene i S&C Policies i ELSA International's Decision Book.

5. Minimum et bestyrelsesmedlem fra hver lokalgruppe skal deltage i det ~~månedlige~~ kvartalslige S&C- møde.

Comments: Med dette forslag forsøges der at lave et regelsæt som matcher det andet Key Area AA mere. Der er ingen tvivl om at de to områder ligner hinanden så hvorfor ikke kodificere dette.

Den største ændring her er at der i stedet for et månedligt S&C møde skal være et kvartalsligt

S&C møde ligesom det er tilfældet under STEP- og AA-området. Det synes unødvendigt at have fællesmøder så ofte på S&C-området da der er meget forskellige projekter i de forskellige lokalgrupper. Der er intet der tyder på at det ikke er tilstrækkeligt med kontakt til de enkelte lokalgrupper i stedet. Det er desuden ikke blevet efterlevet i praksis i flere år. Derudover er ordet Policies ændret, da der ikke er et afsnit der hedder dette i ELSA Internationals Decision Book.

Concerning the ELSA Denmark Generelt part.

ELSA Denmark proposes the following to the Council:

Generelt

1. En director er en person udnævnt af ELSA Denmark til at udføre en eller specifikke opgaver angivet af ELSA Denmark.
2. Directors kan udnævnes til et specifikt projekt eller et specifikt område for ELSA Denmarks virke.
3. Directors er officielt en del af ELSA Denmarks team og opfattes ligeledes som en del af ELSA Denmark.
4. Bestyrelsesmedlemmer af ELSA Denmark vil altid have ansvaret for en director under deres område, og directoren svarer til dette bestyrelsesmedlem.
5. Directorens ansvar begynder officielt efter udnævnelse på et af ELSA Denmarks bestyrelsesmøder.
6. Directorens ansvar ses for ophørt:
 - 6.1. For projekt specifikke directors ved endt afslutning af det pågældende projekt, og kan derfor løbe over 2 bestyrelsesår.
 - 6.2. For område specifikke og generelle directors ved afslutningen af det bestyrelsesår, hvor i de er udpeget.

Comments: Det følgende forslag er et nyt forslag, grundet i det at en director i skrivende stund ikke har en defineret tidsskala at arbejde indenfor. Dette ønsker vi at gøre op med, med på denne måde at definere en directors rolle i ELSA Denmark.

Activity Report of ELSA Denmark 2015-2016

President

ELSA Denmark 2015-2016

Michael Morgen

Since ICM Batumi being President of ELSA Denmark has been a complete rollercoaster ride. Coming out of ICM Batumi I was certain that the national board was now strong and ready to work together, I could not have been more wrong. Conflicts that I thought had been resolved resurfaced and issues that I thought had been smooth out came back and created waves that in the end let to my Secretary General to leave the board after we had finished up our Fall NCM. My own motivation for being in ELSA and my confidence in myself as a leader was shaken so bad that I almost abandoned my presidential duties for one and half months only doing the absolute minimum required of me. As I came home from my exchange semester in early January we had a board meeting, where I told of my complete lack of motivation. After that the rest of my board rallied behind me and talked to me separately, which gave me a boost of motivation. After going to the IPM in Brno I gained a lot more motivation and was ready to tackle the last half of my term.

In regards to the Board Management side of my duties, it has been pretty smooth sailing since January with only a few small issues to take care of. I have quite some time dealing with fundraising but I have, like my successor been had almost no luck in getting sponsors for our moot court competition. This has forced me to rethink how ELSA Denmark is going about its fundraising, as the sponsors won't work together with ELSA Denmark. They would rather work together with local groups because they have direct access to a big group of law students unlike ELSA Denmark. So I would very much like to get further inputs to how fundraising is done throughout the network on the national level and how you spend that money.

On the Expansion side of things Christian and I together managed to get in contact with some law students from the University of Southern Denmark, which had participated in EMC²'s regional round in Passau. These students had become very interested in continuing with ELSA when they came back to their university, but found that no local group existed. Currently we have established their member database and are preparing the interested students to host a local council meeting so that elections for the local board can be held. All this is happening with the goal that they can apply for observership at the Spring NCM of ELSA Denmark in April. Once this becomes a reality, ELSA Denmark will be well on its way to have local groups at all law faculties in Denmark with full membership rights.

Secretary General

ELSA Denmark 2015-2016

ELSA Denmark - National Council Meeting

Copenhagen 21st – 24th of April 2016

Page 71

Written by Vice President for Marketing, Christian Krogh

In the absence of a Secretary General, the current board members of the board have covered the work in the Internal Management area. The goal has been clear about this area from the whole board – we would not let it influence our work, that we were to do the job, and the help and reminders of the whole board to fulfil the task within the area, have been met with great encouragement.

National Council Meeting of Copenhagen

This year we are aiming for and are arranging the biggest and most national/international National Council Meeting that ELSA Denmark has ever had. Together with the members from the board of ELSA Copenhagen, I have been in charge of the structure of this NCM and the excitement and success of this, comes from ambitions in the board to do something extraordinary in our term, which we would proudly look back on, and will move the Danish network much further.

Approximately 80 participants of whom 36 are international participants, will guest us Copenhagen and the program works out to be just perfect.

Alumni

Together with Michael, we have put together a strategy for involving our alumni.

An alumni database, have been created and is running well. We are having the traditional alumni get together during the last night of our spring NCM.

The activity report of the Financial Management area has heavily been affected by the fact, which the I have been on exchange. Thus, my main tasks have been transferring money and paying bills. Furthermore, I have started making the accounts for the term.

Vice President for Marketing

ELSA Denmark 2015-2016

Christian Krogh

The goal of the term to increase the quality in the Danish Network have until now been fulfilled. The awareness about the importance of good marketing in the local board have been fully understood and they themselves are thinking so creatively, that one as the national responsible could only be proud.

The OYOP had four simple goals:

1. Have a unified promotion in the Danish Network.

ELSA Denmark - National Council Meeting

Copenhagen 21st – 24th of April 2016

Page 72

2. Unify the promotion of our moot court
3. Improve marketing materials
4. Increase the reach of our efforts online.

The year is not over, and therefore neither is the work. So far, the goals have been reached to a great point, but of course we put efforts into increasing it even further.

Moot Court Competition

Only a week ago, all local groups had their Moot Court Competitions, in order to send the winning team and runners up to the National Moot Court Competition final in our Supreme Court. Here the promotion of all three moot courts was done in the same way, with a branding of the competitions so that it reflects being part of a bigger connection.

All local groups used the same marketing materials, and their promotion strategy was more or less the same, which we will see the result of in April during the final.

Marketing Materials

The marketing materials in close comparison to the previous years have increased a lot in quality and quantity.

This does not only apply for the work of ELSA Denmark, but in general the Danish network.

The marketeers have increased a lot in quality with personal help to all of them when needed. This meant an increased promotion of the MCC from ELSA Aarhus, and is now reflecting positive towards ELSA Aalborg and especially ELSA Copenhagen's work.

Our efforts online

The visibility of our work stumbled upon some obstacles during the last part of 2015 and beginning of 2016, since Facebook decided to change the way our pages are viewed. All though we have prevailed and the projects within our marketing have worked out very successful.

- Moot Court Competition
 - As stated before, worked very well
- STEP
 - We had more STEP applicants than previous years
- Delegations
 - We have had delegates on ELSA Delegation at every cycle and the awareness of this possibility has been very well known.
- Law Schools
 - The same apply to law schools, which we have met with great interested as well as the four participants at the Winter Law School in Innsbruck.
- National Council Meeting
 - Probably the best-promoted event we have done, and with the amount of participants from the Danish as well as international network, our efforts here haven't been waste of time. My proudest project.

Motivation and encouragement

Yet another good thing happening within my area is that four of my local Marketeers of six in total was traveling with us to ICM Malta. To see their motivation for the work is just as inspiring as doing it myself, and that shows how promising this area is. Not only have we been able to encourage them to travel, but also their motivation for going was so high.

Therefore, there is reason to be confident in the future of the marketing in ELSA Denmark, and now when the year is almost done, this is promising.

The rest of the term will include the finishing of the Moot Court Competition promotion and when finished the upcoming Negotiation Competition which we are happily looking forward too.

Vice President for Academic Activities

ELSA Denmark 2015-2016

Sabine Godsvig Laursen

Helping the local groups

My focus last semester was to create a platform for my three local groups of how to create different events and how to improve from the previous years. I have provided them with the necessary tools and explained the means, however the local groups struggle to see the importance of using them, so this is an issue that needs a lot of attention. Due to the fact, that the VP AA position has been either empty or possessed by an officer who was not involved, the local groups are used to running their own show, which is why they are struggling to work together and share information now.

Moot Court Competitions

In October, the planning of this year's local and national moot court competitions began. The local moot court competitions were between 9th and 11th of March and the national moot court competition will be held between the 13th and 15th of April.

As far as the local moot court competitions, my focus has been on unifying the setup, rules and regulations. We ended up with three almost identical competitions, so I will say that my plan succeeded. My job has been supporting their work, helping when they were in doubt and assisting them with my knowledge regarding the organization of moot court competitions.

The local groups struggled with human resources, either finding sponsors or enough participants. In the end, they found just enough, but this is an area we need to focus on moving forward.

In regards to the national moot court competition, we also struggle with finding sponsors, but this is a general problem for ELSA Denmark and, I think, also related to the fact, that it is only the second edition. However, most of the preparations have been made, so now we just have to wait for the big day.

Negotiation competition

In January, my director for negotiation competitions and I began the work of creating a negotiation competition in ELSA Denmark, which we hope will take place in November. We are still in the early stages and are at the moment creating regulations and rules and finding possible sponsors. We are certain that the project will succeed. The task now is to adapt our statute so it follows the newly created regulations of the ELSA Negotiation Competition (ENC).

Vice President for Seminars and Conferences

ELSA Denmark 2015-2016

Emilie Norup Lauridsen

Delegations

Through promotion on social media platforms as well as on ELSA Denmark's webpage I have attempted to create awareness about ELSA Delegations. With the aim of making ELSA Delegations approachable for the individual ELSA member I have done my best to explain to the local officers what a great opportunity ELSA Delegations is. I am convinced that another step towards creating awareness about ELSA Delegations is to expand the knowledge about ELSA Delegations on a local level. It seems to be an abstract concept for many of the students and I have experienced problems with the communication and understanding when it comes to Delegations. I will focus more on how to deal with this issue throughout the rest of my term.

ELSA Day

We have had two ELSA Day events on a local level. One essay competition focusing on immigration law and one legal discussion focused on the ELSA day topic: gender equality. Sadly, our third and last local group did not manage to arrange an event in time. Within the national board we managed to create promotional material focusing on ending violence against women. To conclude it was overall successful and the evaluation forms have been filled out. I have done my best to encourage the local groups to remember ELSA Day and make an effort to do an event. Hopefully, next year all three local groups will have an ELSA Day event.

Copenhagen ELSA Law School

I have been in close contact with the OC and local S&C officers regarding the planning of Copenhagen ELSA Law School. The local officers have been able to draw on my personal experience of being Head of OC last year in the planning of Copenhagen ELSA Law School 2015. The OC team has been formed and the different OC's have been assigned to different assignments. Right now, we are focusing on fundraising. Sadly, the fundraising has not yet been as successful as we hoped. We are continuing to apply for different funds and scholarships. Fundraising is key when it comes to being able to arrange an ELSA Law School in Copenhagen so it means everything for the project. Otherwise, the process seems to go as planned and the team seems to be working together in a productive and positive way. The ELSA Law School will be my focus from now on since it is the biggest ELSA event in Denmark.

Study Visit/ Institutional Visit ELSA Aarhus & ELSA Aalborg

I have been in close contact with the OC and local S&C officers in both ELSA Aarhus and ELSA Aalborg regarding the planning of the two SV/IV's. ELSA Aarhus just returned from their successful trip to Rome. It was a well-planned trip thanks to the work of the local groups S&C officer and her team. ELSA Aalborg is going to Brussels in April. Also here the participants will await a very interesting academic programme. It will be ELSA Aalborg's first SV so it is wonderful that everything is going as planned and the process generally have been very problem free.

My projects

I have, in cooperation with my fellow board members, been responsible for a trip for our national and local boards in Denmark to Brussels. The trip took place in December and had a full academic programme. The trip was also a great teambuilding experience for our active officers and directors. Right now, I am working on implementing the new S&C regulations in our decision book and preparing for the upcoming NCM in Copenhagen. I also want to provide more materials for the local S&C officers regarding the new Law School cycle in Danish and will be working on that in the near future.

Vice President for Student Trainee Exchange Programme

ELSA Denmark 2015-2016

Christian Krogh

Within the area of STEP we have come across some challenges, ever since the last ICM and some good things as well.

The lesser good was the fact that due to personal reasons our STEP'er in ELSA Aalborg had to resign from her position. We tried our best by instating a Director for STEP in ELSA Denmark to help with STEP in general and help ELSA Aalborg especially, however it did not work. Currently we are focusing more on Student Hunting than Job Hunting due to the very nature of job hunting in Denmark, where the amount of interested and internationally focused companies are very few.

However on the positive side is that the two of the three local groups ELSA Aarhus and ELSA Copenhagen is working intensively towards making this happen in this Job Hunting Cycle. Their VP's are informed and active not only could this result in a good job hunting, but especially a good student hunting as we are approaching the most promising part of the STEP year, were we tend to have the most success.

Candidates for President of ELSA Denmark

Ali Saied

Candidate for President of ELSA Denmark 2016/2017

Age: 22 years old

ELSA Group: ELSA Aarhus

Dear Council,

My name is Ali Saied and I am 22 years old. I study law on my third year at the University of Aarhus. As my presidency in ELSA Aarhus is coming to an end, I will hereby take the opportunity, and run for the position of President of ELSA Denmark

During my time as an active member of ELSA Aarhus, I have experienced a lot. I have served as VP marketing, and I am currently serving as President of ELSA Aarhus. I can humbly say that it has been a success, both personally but also for the organization itself. We have more paying members than we have ever had before, and that is only one of the records we have managed to set. At the same time, we have changed many things - changes that have benefited and strengthened the organization.

I am running for President of ELSA Denmark because I have the motivation and commitment to develop the Danish national board in order to achieve even greater results in the future. To become even more organized and effective, I will focus on communication between the board members and between the local groups and national board. That implies, me being more physically present, especially in Odense, in order to help this fresh local group blooming. Furthermore, it is critical to focus on fundraising, because it has been an unchanged issue during the last few years. Currently we are too dependent on membership fees of the local groups. With me as President of ELSA Denmark, I will make it my duty to develop strategies for the above mentioned focus areas.

I hope that the council will give me the opportunity to be part of ELSA Denmark. 2016/2017.

Yours sincerely,
Ali Saied

Christian Krogh

Candidate for Secretary General of ELS Denmark 2016/2017

Age: 24 years old

ELSA Group: ELSA Aalborg

Dear Council,

At this point not much introduction would be needed. Up until now I have been a very active part in ELSA Denmark for the past two years, and would like to continue for a third year.

When running for Secretary General of ELSA Denmark I realise that even though I have done a lot for ELSA Denmark, I still feel like I can give and improve more, which is partially the reason for my candidature.

In ELSA Denmark the previous year I have been the one doing most of the tasks of the IM area since November 2015. With joy and motivation, I was the Vice President for Marketing, responsible for STEP and now doing the Secretary General work; since it is work, I enjoy doing.

This National Council Meeting is the basis of my ambitions, to include the whole network in our internal meetings and activities, and aim higher than it has been done before. Next year with a big ambition to complete the Nordic Officers Meeting in Copenhagen in an even bigger way than this NCM has been done.

My goals are several – I would like to join heads with the local elected Secretary Generals in order to unify our area and exchange the practises we have been encountering the past year. We are hardworking people in the area of IM, and here I feel that a better cooperation between us could be vital.

The next year for me will include following focus:

- Better structure of internal tasks and how they can be done
- Better use on our internal mailing system, which is not used properly.
- A look into a real use on an internal management used by ELSA Denmark, and potential local groups.
- Nordic Officers Meeting
- A useful alumni-database (working further with the current idea)

My time in ELSA Denmark has yet another year in front of it, and I wish for the council to let me being able to help the upcoming board of ELSA Denmark, to have every tool necessary in order to conduct their tasks properly.

Sincerely,
Christian Krogh

Jens Kristian Ejlskov Jensen

Candidate for Treasurer of ELSA Denmark 2016/2017

Age: 23 years old

ELSA Group: ELSA Aarhus

Dear council and international guests,

I currently hold the position as treasurer in ELSA Aarhus. During my term, I have come across some different challenges. At the start of my term, I encountered some unforeseen problems with the bank, which resulted in a change of bank. This was not the ideal start of my term, but the whole process was a very learning experience. I had to research what services the different banks would be able to provide for the local group. My financial strategy was to cut down in areas where there were unnecessary expenses. One of the things I hope to bring with me in my work for the National Board is a more effective invoice procedure, and maybe even standardize the procedure with the other local groups. Furthermore, I would like to assist the President in matters of fundraising and explore the opportunities for applying for grants.

My international experience in ELSA is two ICM's, ICM Batumi, autumn 2015 and ICM Malta, spring 2016. During ICM Malta, I was a teller during plenaries and Spirit Director in the FM Workshop. Apart from that, I have taken part in two Danish NCM's as well.

As a person, I function well in a team, and is often easy-going and corporative. I consider the step of becoming treasurer in the National Board the next logical step in my ELSA career. I will be looking forward to be making new acquaintances and working together with the new National Board with the common goal of strengthening ELSA Denmark, and ELSA as a whole.

Sincerely,

Jens Kristian Ejlskov Jensen

Candidates for Vice President Marketing of ELSA Denmark

Jonathan Jerome Weinhonig

Candidate for Vice President for Marketing of ELSA Denmark 2016/2017

Age: 20 years old

ELSA Group: ELSA Aarhus

Dear Council,

My name is Jerome Weinhonig, and I am currently a first year law student, attending at Aarhus University. I am writing to you, intending to run for the position as VP for Marketing in ELSA Denmark 2016/2017.

Not only do I have an extensive knowledge in technology and especially marketing-related technology, but also I am a marketer by heart.

Since day one in ELSA, I have been in close contact with the local VP for Marketing and have been involved in the creation of every single marketing-related material the past 4 month, including posters, a promotional video and completely restructuring the local website. Also, I am currently working on a phone-application for ELSA Aarhus, to connect with the students even more efficiently.

As for my involvement in the association, in the past months, I attended most of the events organized by our local group, social and academic ones. Furthermore, I have taken part in international events such as a one-week trip to Rome, including visits at local law firms and the Danish embassy, and the International Council Meeting in Malta as a part of the Danish delegation. Because of my, until then, restricted knowledge of all key-areas inside ELSA, due to my short time in the ELSA network, the ICM showed me a completely new side of this huge organization, I had never seen before.

I learnt about influencing people across nations, removing boundaries between law students with common interests, and how a shared collaboration will lead to success. With this spirit, I will fulfil the tasks and the requirements that the VP for marketing faces and I am looking forward to working together with the current VP for marketing, to create the best possible outcome.

What better way to connect and inspire people, by doing what you love? Whilst I have only been a member of ELSA since 2015, I have been a marketer the last 3 years for different companies and think that I am suited for the role as VP for marketing, with both leadership- and technical qualities.

A simple informative website kept me up at night in 2013, and made me feel like something could be improved. I had done it for my father's company and this interest evolved into me becoming a trainer for TDC's technical support facilities in London in 2015, where I spent three months on creating 250 pages working-material for every new employee. Based on my passion for creating, it

led me to starting my own business with two colleagues, with me being in charge of all marketing related activities.

I am a perfectionist and appreciate the love for details, and I am always working on finding new ways to be creative and innovative. Teamwork and a combined effort will lead to success, as I know from experience, and with me as VP for marketing you will discover a fast and reliable, experienced and open-minded colleague.

I thrive through progress, and have a vision of transmitting the ELSA spirit throughout the network, bringing the CI closer to local groups and redefining how students see ELSA as an open, strong and social organization.

Yours faithfully,
Jerome Weinhonig

Candidates for Vice President Academic Activities of ELSA Denmark

Rune Morthorst

Candidate for Vice President for Academic Activities of ELSA Denmark 2016/2017

Age: 26 years old

ELSA Group: ELSA Copenhagen

Dear Council,

My experience in the ELSA network nearly stretches over three years. I began as a director under academic activities, ELSA Copenhagen, helping organizing the ELSA day in 2014. Next I was elected as Vice President for Academic Activities in the board year 2014/2015, here I was also responsible for organizing ELSA Copenhagen Moot Court Competition, ELSA day and several study visits to our academy partner Horten (Danish law firm). Within this board year ELSA Copenhagen saw a huge growth in membership and exposure. Furthermore, I also managed to assist with the National Moot Court Competition and I participated in both National Council Meetings.

In the board year of 2015/2016 I was elected as President of ELSA Copenhagen. I have been in charge of a board where the focus has been to maintain and improve ELSA Copenhagen reputation among the law students in Copenhagen. I spent the first part of the board year in New Zealand as an exchange student, but despite this, I still managed to satisfy all my duties as President. The year is not yet finish and hopefully before the year is over I will look back at a year in which we add a new academy partner to a catalogue, and that ELSA has grown in popularity.

This year, as President of ELSA Copenhagen, has given me skills within board management, and shown me what good co-operation is. I also had some conflict resolution among the other board members.

As a person I am well organized, I have good team working skills and I am generally easy to be around.

My main goal, if elected, is to further evolve our Moot Court Competition. I have some ideas to change the outline of the competition, based on comments from previous participants and judges.

When I am not studying or working with ELSA I am working at the Danish law firm Kromann Reumert as a student intern. I am living on Amager with my fiancé. Furthermore, I can draw a lot of experience from other student organisations around the Faculty of Law, which I am generally also involved in.

Fanny Luise Risegaard Andersen

Candidate for Vice President for STEP of ELSA Denmark 2016/2017

Age: 25 years old

ELSA Group: ELSA Copenhagen

Dear Council,

Hereby I would like to announce my candidacy for the position of Vice President for STEP in ELSA Denmark for the term 2016/2017.

I have been an active part of ELSA since the summer of 2014, where I was a part of the mentor programme. Since, I was taken in as director for AA, and was a part of the organizing of the Moot Court Competition. I encountered ELSA's size and the possibilities it gives students. I got more interested in ELSA and have been the Vice President for STEP in this past term in ELSA Copenhagen, where I have learned a lot and become even more motivated to make a difference within STEP.

As the VP STEP next year, I would like highlight the benefits STEP gives to students on a more personal level than now. I want to strengthen the corporation between the local STEP'ers, and I want to help STEP by making the cooperation better between STEP and the rest of the board – presidents especially, since much comes from the contact with law firms and revision offices, where I believe there is a bigger potential to reach than now.

As I did not experience a good transition, I want to focus upon this next year, and make sure every local officer has every tool necessary in order to complete his or her tasks probably without obstacles in the beginning of the term

Finally, my goal is that the focus on STEP is there through the whole year and not only for periods. I want to start the work early and look into job-hunting early since it starts so fast for us, and with the start-up period and the fast approaching deadline for job hunting – starting early is essential. In addition, a focus will be to generate a more flowing connection with the companies contacted, so that we do not just focus on them during the job hunting period, but also in the student hunting period with a split-focus.

I am ambitious about being there for the local groups, and with regular communication as this year, make them feel safe about contacting ELSA Denmark in need of answers. Here I would also like to have a good contact with the IB and Alyona next term.

Responsible and outgoing are words that describe me, and the workload I will put into this, will be an even bigger step from before, due to the knowledge I have gained in the last couple of months

ELSA Denmark - National Council Meeting

Copenhagen 21st – 24th of April 2016

in my work and during ICM. I know all formulas and our application system very well, so that I easily can pass on this knowledge to all new officers in our lovely STEP area.

My experience and motivation is what makes me want to continue as the VP STEP in what looks to be a very good team in ELSA Denmark for the term of 2016/2017.

With kindest regards,
Fanny Luise Risegaard Andersen

**Ansøgning om fornyet observatørmedlemskab
ELSA Odense**

ELSA Odense indgiver hermed jf. bestemmelsen i vedtægterne for nationalgruppen ELSA Danmark §9, stk. 3, ansøgning om fornyet observatørmedlemskab til forlæggelse for generalforsamlingen.

ELSA Odense blev stiftet d. 3/10 2011 i universitetsbyen Odense, med tilknytning til Syddansk Universitet. Seneste afholdte generalforsamling i ELSA Odense var ved ordinær generalforsamling d. 5/4 2016.

ELSA Odense har siden sin opstart arbejdet for at finde fast fodfæste som juridisk forening på SDU i Odense. Af to omgange har ELSA Odense været forsøgt startet op, og begge gange efter kort på grund af en inaktiv bestyrelse lukket ned igen.

Interessen for at starte ELSA Odense op igen, blussede op for den nuværende bestyrelse efter 3 af dets medlemmer deltog i ELSAs internationale procedure konkurrence hvorved ønsket om at få en juridisk forening med fokus på det international blussede op. Derefter blev ”initiativ gruppen” gruppen startet og ELSA DK tog kontakt til denne og et opstarts projekt blev sat i værk.

Det er kun 14 dage siden at ELSA Odense fik sin nye opstart, men udsigterne til at få projektet op og køre er lovende. Medlemstallet i ELSA Odense er allerede på 22 og vi i bestyrelsen forventer kun at dette stiger med tiden.

ELSA Odense har endnu haft mulighed for at afholde arrangementer men i bestyrelsen arbejders der pt. På et ”re-launch” event og en fremtidsplan for ELSA i Odense.

På grund af ELSA Odense spæde opstart og endnu lave medlemstal ønsker vi i bestyrelsen at ansøge ELSA DK om at få observatørmedlemskab de næste to år, så vi kan bruge alle ressourcer på at få genetableret ELSA Odense som forening.

Det er vores ønske at ELSA Odense, trods sine tidligere nederlag, skal kunne blive en stærk og aktiv forening som kan tilbyde de jurastuderende i Odense noget særligt.
